

TCF 2026-2030 FUNDING APPROACH

Supporting connected, resilient and thriving Tasmanian communities through clearer, more strategic funding.

WHY WE ARE EVOLVING

Tasmanian communities face growing complexity and changing needs. We are evolving our approach to:

-  Provide clearer and more accessible funding pathways
 -  Strengthen transparency and consistency in decision-making
 -  Better align funding with community need and long-term impact
 -  Improve governance, accountability and learning
 -  Support stronger outcomes for Tasmanian communities over time
- This work is informed by stakeholder feedback, a review of TCF's operations and impact, and pending legislative changes.
